File Type (xml, .csv, delimited flat file etc.)	Pipe Delimited Flat File
Frequency	Daily
Timing Considerations (e.g. Day of the week and/or time of day files will be sent or available for pickup), or (When files are not available e.g. system maintenance windows, etc.)	MMIS uploads to the SFTP server in the evening and the CM system retrieves early in the morning (4am).
Retry procedure for file expected but not (received/available) or otherwise successfully delivered.	Gainwell Support Contact Information to be provided by Gainwell sometime in June 2025. Action Item #226
For inbound, what field(s) are used to match to data in Blue Compass?	Medicaid Provider Number
Is every file a full file (reconciliation), or a delta? If a delta, will full files occasionally be sent/received? If so, how often?	Full - The extract includes information for all Medicaid Providers with active contracts within the last 24 months
Is there a field that represents the last time a row was edited, either a date or a datetime?	n/a
How are deletions handled? That is, if a data was sent previously but is no longer valid.	n/a
How are updates handled?	Every file is a full file refresh.
If there are multiple files in the interface: What field(s) are used to link them together? If there is an update in one file, will all the matching records be updated as well? For example, when a person's address changes will the update record include only the new address, or will it include a refresh of all of the person's addresses, or a refresh of all of the person's information?	n/a

Context

Item Description	Details
What is the file naming convention? (Ideally all files will have CCYYMMDD_HHmm as part of the file name)	File naming standards: • File names shall follow the format of: [Source system 3 character code]-[Target system 3 character code]-[File name]-[File frequency 1 character code('D','W','M','Y')]-[Timestamp YYYYMMDD_HHMMSS_ 3 character millisecond].[file extension] • File name segments shall be separated by a hyphen character “-” • File name segments shall not contain a period character “.” • A period character “.” shall be used to separate the file name and the file name extension. • Separate words and content within a file segment shall be separated using an underscore character “_” • File names shall not exceed 186 characters in length, including the file name extension.

BR #	Description	Source Notes
BR-D06-001	Enumeration IDs (Provider Medicaid Number) for "IRIS Organization Providers" that are received via daily Medicaid Provider File interface, but are not already in Blue Compass, will be loaded as a new Organization with a single Location. These Providers are Identified by Waiver Program Code = "IRIS" and Provider Type and Specialty combination is not equal to “90” and “979” respectively.	20250409_WI DHS Care Management - MMIS - Interface Meeting
BR-D06-002	Enumeration IDs (Provider Medicaid Number) for "EVV Providers" that are received via daily Medicaid Provider File interface, but are not already in Blue Compass, will be loaded as a new Organization with a single Location. Note: These Providers will be received without a "Record Type 10: Provider Waiver Program" entry for Waiver Program Code = "IRIS". They are identified by Provider Type= “85” and Provider Specialty= “858”.	20250409_WI DHS Care Management - MMIS - Interface Meeting
BR-D06-003	New Org and EVV Providers will be loaded with an association to the "IRIS" program in the Supported Programs section in the Blue Compass UI.	n/a
BR-D06-004	Enumeration IDs (MMIS Provider Number) will be used in matching to update an existing Provider (both "IRIS Organization Providers" & "EVV Providers").	n/a
BR-D06-005	PHW Provider records will not be used to create new Org and Location records in Blue Compass (identified by Provider Type= “90” and Provider Specialty= “979”).	20250409_WI DHS Care Management - MMIS - Interface Meeting
BR-D06-006	Existing Org and EVV Providers received in the daily Medicaid Provider File , with a date less than or equal to the current date in the “Waiver Program End Date” field, will have their association to the "IRIS" program in the Supported Programs ended (end-dated). Note: For EVV Providers, the logic should check " Contract End Date " field (located in “ Record Type 04: Provider Contract Record ”) for end dates.	20250409_WI DHS Care Management - MMIS - Interface Meeting
BR-D06-007	Existing Org and EVV Providers received in the daily Medicaid Provider File, with a date less than or equal to the current date in the “Waiver Program End Date” field, will have their associated Service Authorizations end-dated. Note: For EVV Providers, the logic should check "Contract End Date" field (located in “Record Type 04: Provider Contract Record”) for end dates.	20250409_WI DHS Care Management - MMIS - Interface Meeting
BR-D06-008	"Waiver Service End Date" will be used to capture the last date an Org Provider or EVV Provider can perform a service.	20250409_WI DHS Care Management - MMIS - Interface Meeting

BR #	Description	Source Notes
BR-D06-012	When the Billing Indicator Field contains "R" (Referring/Prescribing/Ordering), the provider will not be loaded into Blue Compass.	n/a
BR-D06-013	Each Medicaid Provider ID in the Medicaid Provider File represents a separate "provider record" in Blue Compass. Each Provider Medicaid ID will equate to one Organization and one Location. Note: There can be instances where some providers will have multiple adult family home locations, however each location will have unique Provider Medicaid IDs.	20250409_WI DHS Care Management - MMIS - Interface Meeting
BR-D06-014	In the Medicaid Provider File , effective dates captured under “ Record Type 04: Provider Contract Record ”, shall be stored in Blue Compass as Effective Start and End Dates, for an EVV Provider.	20250507_WI DHS Care Management - MMIS - Interface Meeting
BR-D06-015	“ Waiver Service Code(s) ” received in the Medicaid Provider File , shall determine what service(s) a Provider can perform in Blue Compass. The received " Waiver Service Code(s) " shall also have effective dates that are specific to the provider. These dates shall indicate the period within which a provider can perform the corresponding service(s).	20250409_WI DHS Care Management - MMIS - Interface Meeting
BR-D06-016	An Error Report shall be generated after processing each inbound file. The error report will contain a row for each Provider (Org and EVV) that fails a required business rule. An error message for each failed business rule will be displayed with the Provider's Medicaid ID.	n/a
BR-D06-017	EVV Providers are identified by Provider Type= “85” and Provider Specialty= “858”.	20250409_WI DHS Care Management - MMIS - Interface Meeting
